### Helles Munich-Style Lager

It's no secret that we're huge fans of lager over here at Zapato, and PILS is the lager that sustains us through the winter and into the early months of spring.

Our Munich-style lager is a summer into autumn seasonal thirst-quencher. Drawing inspiration from Bavarian beer culture, HELLES holds a special place as one of our absolute favourites for warm summer evenings in the beer garden.

Similar to our PILS, HELLES undergoes a minimum of 4 weeks lagering, but it distinguishes itself with a notably softer and sweeter profile. Picture lemon marmalade on wholemeal bread, featuring lower carbonation and a rich, complex malt bill.

Throughout the summer, you'll find us savouring pint after pint of HELLES at the taproom—a beer you can hang your hat on.

Available in summer / autumn in:
